**Team Name:** NPRTS
**Report Number:** 7
**Reporting Week:** Week7, Week of Feb 20

**Summary of work completed in prior week:**
- Finished populating the database with prerequisite, corequisite, and knowledge area courses.
- Experimented with / learned Django as a backend framework and Flutter as a frontend framework. Determined how to connect Django to the remote database.
- Planned the pages in the UI and divided up roles in preparation for the frontend presentation.

**Summary of work planned for next week:**
- Complete a significant portion of the frontend to prepare for the frontend demo/presentation March 9th. An overall breakdown of what pages need to be completed has been shared in Slack.

**Open issues and action plan to resolve them:**

**Project Management Summary**

| Team member | Tasks completed | Hours worked for week | Total hours |
|---|---|---|---|
| Tyler Yankee | Learned basic Django and Flutter. Connected to the remote database with the former and played with ListViews with the latter. Populated the database with prerequisites/corequisites and knowledge areas. | 2.75 | 16 |
| Peter Dorovitsine | Finished constructing tables of prerequisite and corequisite courses for the database logic system | 3 | 11 |

| | | | |
|---|---|---|---|
| Robert Licata | Divided requirements among the pages required for UI, began experimenting with Flutter. | 3.5 | 13 |
| Niall Pepper | Continued learning Flutter. Built three pages that link together to create a view of the website while signing up, interacting with the logged in homepage, and the landing page. | 7 | 17 |
| Sangwon Youn | Continued writing codes for databases. Learned Flutter. | 2 | 13 |

**Meeting Summary**
*For each team meeting provide the date, time, and location of the meeting. Indicate which members attended the meeting and action items discussed in the meeting.*
We did not have a formal meeting this week due to lapses in availability from the February break. Instead, between Wednesday and Sunday, we all communicated our progress and plans for next week via Slack.
