Team Name: NPRTS
Report Number: 8
Reporting Week: Week8, Week of Feb 27

Summary of work completed in prior week:
- Divided UI pages amongst team members
- Started work on or completed: landing page, sign up/login pages, side menu, top app bar, student manager page, advisor manager page, course history page, course catalog page.
- Created Git repository and shared with all team members.

Summary of work planned for next week:
- Pages left to complete before presentation: course catalog (finish), schedule builder, administrator view for assigning students to advisors.
- (Sangwon) Figure out how to connect Flutter and Django using REST APIs.

Open issues and action plan to resolve them:
- Include the backend (Django) part of the code in the Git repository. This will be done once we formally start working on the backend after the presentation and break.

Project Management Summary

Team member	Tasks completed	Hours worked for week	Total hours
Tyler Yankee	Completed advisor manager, student manager, and course history pages.	4	20
Peter Dorovitsine	Began learning flutter and working on student/advisor page for application	3	14

	made appbar and sidemenu standalone parts.		
Sangwon Youn	Began working on student/advisor page	3	16

Meeting Summary

For each team meeting provide the date, time, and location of the meeting. Indicate which members attended the meeting and action items discussed in the meeting.

Saturday March 4, 2023, 4pm, ERC. All members present.

- Discussed what has been completed for frontend pages and allocated remaining work before next week's presentation.
- Discussed some ideas for frontend design on certain pages (administrator advisor/student assignment view, course catalog, etc.).
- (Sangwon and Tyler) Caught up on progress regarding linking the database to the backend and linking that to the frontend.
- Moved next week's meeting to Wednesday due to the presentation and break.
